Class Judging.

7:30 P. M. - ANNUAL BANQUET of AMERICAN SHORTHORN
BREEDERS' ASSOCIATION, Williford Ballroom,
Conrad Hilton Hotel, downtown Chicago.

Catalog Lithographed By MWM Color Press, Aurora, Mo.

STANDARD GUARANTEE OF AMERICAN SHORTHORN BREEDERS ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All prospective buyers should check health requirements of their states.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.

Shorthorn Sale

Information for the Buyer

LOCATION: International Sale Pavilion, Stock Yards, Chicago.

MAIL BIDS: Those unable to be present who desire to take advantage of the buying opportunities in this sale may rest assured that mail or wire bids will be honestly and faithfully executed. Any of the following competent men will be happy to handle buying orders for you. They may be contacted at the addresses listed, or they can be reached in Omaha in care of the Fontelle Hotel.

Representing **AMERICAN SHORTHORN BREEDERS' ASSOCIATION**
 Allan C. Atlason Ted Aegerter Carl O. Parker
 Clem Larson Ralph Heinemann Ed Huff

Representing **THE SHORTHORN WORLD**, 16 South Locust St., Aurora, Illinois.
 Hal Longley Merv Aegerter Don Longley Al Hamann

SHIPPING ARRANGEMENTS: It is the obligation of the consignors and this Association to see that all cattle are properly loaded on cars or trucks as directed by the buyers for immediate shipment. Cattle will be at buyer's risk as soon as bid off, but every precaution will be taken to see that animals arrive in sound and healthy condition.

BE SURE TO LEAVE DEFINITE SHIPPING INSTRUCTIONS WITH THE SALE CLERK.

LIABILITY: Although every possible precaution will be exercised to protect the safety and comfort of guests of the show and sale, neither this Association, nor its representatives, nor the auctioneers or clerks, can assume any liability for accidents.

TERMS: The terms of the sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction.

INSURANCE: Coverage may be secured effective at the time of sale.

GUARANTEE: All animals sold in this sale will be backed by the Standard Guarantee endorsed by the American Shorthorn Breeders' Association, which is printed in this catalog.

AUCTIONEERS: J. E. Halsey, Des Moines, Iowa.
 C. D. Swaffar, Tulsa, Oklahoma.

Allan C. Atlason, Secretary.

COLLYNIE CRICHTON x - One of the very best sons of Collynie Compact x. He is out of a beautiful red daughter of the great Canadian bull, Crichton Drambuie, and is a half brother to the \$5000 Roberta x, sold to Dr. and Mrs. J.B. Stoll, West Plains, Missouri, in the Ohio Polled Shorthorn Sale. Not highly fitted because we have used him heavily in our herd. His younger brother is being retained for our herd use.

2

MORRIS BROS.

MALE

WAYCROSS LEADER 21ST x2744-456 L-IM39

Dk. Roan, calved May 14, 1952.

Maxwalton Coronet x2139449
Red, P.G. Ross, Maxwalton Farm
Drury's Augusta x2148253
Roan, D.A. Babcock

RIVERLANE PRIDE x - A bull with naturally thick fleshing and has a lot of good Waycross breeding in his pedigree. Stood first in the Wisconsin class and third against all States at the 1954 Wisconsin State Fair. Should be a real asset to any herd.

1953 INTERNATIONAL GRAND CHAMPION

POLLED SHORTHORN BULL

TPS MAX CORONET 5TH - Sired by Coronet Max Juggler 3d, was Senior and Grand Champion Polled Shorthorn bull at the 1953 International Live Stock Show. He was bred and exhibited by Lewis W. Thieman, Concordia, Missouri.

This senior yearling bull possessed excellent breed character, was uniform in thickness and nicely balanced. His grandsire was an International Grand Champion and has produced many outstanding show and breeding animals.

He was never defeated in a Polled Shorthorn class. He had a pleasing masculine head and neck, a straight top and underline, stood on short sound legs and had abundant style and balance. He was smoothly fleshed and carried his width and thickness uniformly. In addition to superior conformation, he had plenty of size and scale.

He was recently sold to Avenel Farms, Bethesda, Maryland at a new record high figure of \$20,000 and accurately portrays beef form at its best.

CARL M. JOHNSON

MALE

CARONA KEYSTONE x2726-455 R-L28

4

Red, calved September 18, 1952. Bred and Owned by Carl M. Johnson, De Kalb, Illinois.

PRIAM BENEFACTOR x - This solid red son of the great imported Lawton Priam has given an exceptionally good account of himself at the strong summer shows. He has never stood lower than third in class and has been a member of our heavy winning 3 bull group and pair of yearlings in spite of the fact that he has not been heavily fitted.

Better Bulls . . .

For Greater Progress

Those bulls that have enhanced most the reputation of their owners have been selected on the basis of their intrinsic merit. They have been bought by sound-thinking business breeders who know the growing and marketing phases of purebred and commercial production.

Such bulls have come from thick-fleshing, heavy-carcarssed ancestry and they demonstrated by their individual inheritance the potence of their breeding. Right ancestry is a must . . . it is seldom indeed that the outstanding animals of any breed come from non-descript ancestors.

Investing in an outstanding purebred Polled Short-horn bull is the best way to progress in the beef cattle business. The bulls in this sale carry the bloodlines of International Grand Champions that have supplied some of the master strokes in building the increasing present day popularity of Polled Shorthorns.

OAKWOOD EMIGRANT x - Is smoothly turned, level and balanced from end to end, with lots of natural fleshing, a mellow hide and the head of a sire. His sire was the 1951 International Reserve Grand Champion. Coronet Command was 1941 International Grand Champion, Alpine Sensation. Oakwood Estelle 9th was a full-sister to the 1936 International Grand Champion, Oakwood Emperor and a daughter of Oakwood Royal King.

Polled Shorthorn Quality

Is exemplified in these good bodied, outstanding International Grand Champions.

1953 International Grand Champion Polled Shorthorn Female

BEAUTY CORONITA 4TH - Sired by Coronet Max Juggler 5th, was Junior and Grand Champion Polled Shorthorn Female of the 1953 International Live Stock Show. Bred by Lewis W. Thieman, Concordia, Missouri.

This summer yearling had an attractive, feminine head, broad spread of rib, deep body, was low-set and especially smooth with good scale. She possessed style and balance and looked especially good when walking.

She is consigned to this sale and sells as Lot 17. Here is your Golden Opportunity to obtain championship bloodlines to enhance the value of your herd.

CARONA MISSIE 18TH x - Is a thick, roan daughter of Royal Oak out of one of his daughters. She has had a successful show career . . . third at Illinois this year and Grand Champion of the Illinois State Show. She will be one of the top females sold this year. Pretested clean - BANGS VACCINATED. BRED AUGUST 9, 1954 TO CARONA KEYSTONE x2726455.

Polled Shorthorns - -

The Breed with the Brightest Future!

Polled Shorthorns are the naturally hornless model of the Shorthorn. . . rapidly sweeping to the front in popular acceptance everywhere. They have all the Shorthorn superiority as a beef breed. . . quick adaptability, earlier maturity, quiet, easy-feeding dispositions, good foragers, popular and profitable in the feedlot. . . plus NATURAL HORNLESSNESS.

These characteristics have been bred into Polled Shorthorns for generations and today they possess the highly important prepotency to pass along the improvement.

Remember that profitable farming is based on sound planning in the use of good seed, good feed, good fertilizer and GOOD LIVESTOCK. Polled Shorthorns are the most practical and profitable cattle for American farms. They offer the farm family security and dependability year after year.

The beginning of any good breeding program starts with the assembly of females. The continuation of that breeding program is dependent upon the addition of cows with uniformity of type and excellence of quality, along with acceptable ancestry. Such requirements are filled naturally by modern Polled Shorthorns. They fit the economic demands for breeding cattle. . . also utility, efficiency and profitable performance. . . the effective basis for practical farming.

The herd which achieves distinction consists of the best bull that money can buy and good females which can enhance that bull's value with each succeeding crop of calves. Here is a rare opportunity to buy the top ends with the best sources of supply - animals of modern type, individuality, of the right conformation, backed by ancestry of known performance.

Today's uniformity of leading Polled Shorthorn herds represents a significant achievement in animal breeding. The scenes taken on a few of the leading Polled Shorthorn farms symbolize this important measure of success in breed development. The uniformity and excellence in type and quality portrayed give convincing evidence of the constructive nature of operations on hundreds of American farms today. Aren't these the kind of Polled Shorthorns you would like to own?

BEAUTY CORONITA 4TH x - The 1953 International Grand Champion female. Has been examined and found safe in calf to the \$20,000 all-time-high record selling bull, TPS Max Coronet 5th x, 1953 International Grand Champion bull. Our 1932-33-34 International Grand Champion female was mated to the 1935 International Grand Champion bull and this mating produced the 1936 International Grand Champion female. Our 1950 International Grand Champion female was mated to the 1950 International Grand Champion bull and produced the 1952 International Grand Champion female. Now you can own the result of the mating of the two 1953 International Grand Champions by buying this great heifer. She has been a champion of the three great State Fairs we have shown. She affords the greatest herd building power ever offered at auction in one Polled Shorthorn female. A double-bred Killearn Max Juggler. **BRED JUNE 7, 1954, TO TPS MAX CORONET 5TH x.**

With the ever-expanding promise of their use in farm and range herds for the purpose of engendering earlier maturity, heavier market weights and at the same time breed horns off calves. . .and with the clear prospect of continued strong export demand for seedstock. . .Polled Shorthorns have the greatest future of any other breed of beef cattle in America today.

No other breed enjoys the world demand of Polled Shorthorns. At many major sales Australians have dominated buying power, taking top-priced animals for export to Australia - where Polled Shorthorns are the most popular of breeds.

Another truly great double-bred Killearn Max Juggler. Officially vaccinated for bangs. **DUE TO CALVE MARCH 11, 1955 TO TPS MAX CORONET 5TH x**, the greatest of all Polled Shorthorn bulls.

Polled Shorthorns - -

Lead the Way to Progress

An investment in modern Polled Shorthorns represents the best way to progress in the beef cattle business. They offer dependability year after year . . . converting roughages and other farm produce into profit more efficiently than any other cattle. They are unexcelled in ability for fast gains, weight for age, gentleness and smooth fleshing. They have the MODERN POLLED HEAD and they combine ease of handling with profitable production methods.

Shorthorn Sale

The Practical Kind

There is no more profitable use yet found for hay, straw, grass and fodder than by way of a herd of Polled Shorthorns. They are tops in weight for age, gentleness, quality, modern type and their ability to utilize farm-grown roughages efficiently is unsurpassed. Combine this with the fertilizer which they give back to the land and you have the ideal plan for practical farming.

JANESWAY MAYFLOWER ROSE - Is a Bruce Mayflower that looks like a brood cow prospect. She is a double-granddaughter of the \$5000 Oakwood Grand Duke that sired many top cattle at Janesway. Her third dam is a full-sister to the 1941 Polled Congress Champion, Mayflower Maid 4th. BRED TO LAWTON BENEFACOR 2755002, the \$6,000 imported bull owned in partnership with Willow Lee Farms.

Master breeders with sound knowledge, patience and foresight have accomplished much in the production of more and better Polled Shorthorns and these proven bloodlines are available to you through the animals consigned to this sale.

ROUND GROVE ROSEWOOD 2D x - First in a strong class of 21 summer yearlings at the 1954 Indiana State Fair. Her sire was top scoring Indiana Gold Medal Polled Shorthorn bull in 1953. Half-sisters brought the \$2000 top in 1952 International Sale, 1954 Oakwood Customer's Sale and the Teegardin consignment to the 1954 L&L Sale. Her grandam was Reserve Champion at the Northern Indiana Sale and is of the same family that produced the \$10,000 Schubert bull siring outstanding calves in Australia. This heifer's show ring perfection and breeding potential are supported by every line in her pedigree. Pretested clean, BANGS VACCINATED.
